# EAR NOSE & THROAT TRAINING WORKSHOPS

Dear Colleagues and Medical Professionals,

We are honored to have you join us for this one-day intensive course, which brings together some of the leading minds in the field of thyroid disease and oncology. The landscape of thyroid disease, particularly thyroid cancer, has seen remarkable advancements in recent years. As healthcare professionals, it is crucial that we stay at the forefront of these developments to provide the best possible care for our patients. This masterclass is designed to do just that—to enhance our collective understanding, share knowledge, and explore the latest trends and treatments in thyroid health. Throughout the day, you will have the opportunity to learn from and engage with renowned experts in the field. Our program includes a series of insightful lectures, in-depth case studies, and interactive discussions. We are confident that today's sessions will not only expand your knowledge but also inspire new approaches in your practice. Together, let us continue to strive for excellence in patient care and outcomes.

**Dr. Laila Al Masaoudi**  
Consultant ENT Surgeon
