EAR NOSE & THROAT
TRAINING WORKSHOPS

Otorhinolaryngology Dissection Courses

Sultan Qaboos University
College of Medicine and Health Science

30 NOV – 09 DEC 2025

Hands-On Learning

Engage in comprehensive dissection sessions guided by leading experts in the field. Gain invaluable insights into anatomical structures crucial to ENT procedures.

1

Advanced Techniques

Explore advanced surgical techniques and procedures under the mentorship of experienced faculty, equipping you with the latest practices in ENT surgery.

2

Interactive Environment

Collaborate with peers and mentors, fostering a supportive learning environment encouraging knowledge exchange and professional growth.

3

Certification

Earn recognition for participation with certificate including accredited OMSB CME Hours that validates your commitment to advancing your skills in Otorhinolaryngology.

4

EAR NOSE & THROAT
TRAINING WORKSHOPS

Otorhinolaryngology Dissection Courses Sultan Qaboos University

30 NOV – 09 DECEMBER 2025

Rhinoplasty Dissection

Course Director: Dr. Laila Al Masaoudi

OMR **200** 30 Nov 2025

Fresh Cadaver Dissections
International Faculty
Only 16 Seats
6 CPD points

[More Info >](#)

FESS & Skull Base

Course Director: Dr. Mohammed Alwashahi

OMR **350** 1-2 Dec 2025

Fresh Cadaver Dissections
International Faculty
Only 16 Seats
11.5 CPD Points

[More Info >](#)

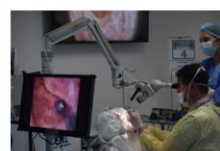

Sialendoscopy course

Course Director: Prof. Rashid Al Abri

OMR **200** 3-4 Dec 2025

Fresh Cadaver Dissections
International Faculty
Only 12 Seats
CPD points
Observer Fees = OMR 50

[More Info >](#)

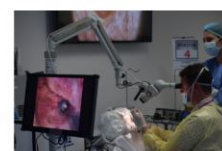

Temporal Bone Dissection

Course Director: Dr. Nasser Al Tammimi

OMR **350** 5-6 Dec 2025

Fresh Cadaver Dissections
International Faculty
11.5 CPD Points
Observer Fees = OMR 50

[More Info >](#)

Infratemporal Fossa Approach Type A

Course Director: Dr. Khalid Al Zaabi

OMR **600** 7-9 Dec 2025

Fresh Cadaver Dissections
International Faculty
Only 10 Seats
Observer Fees = 150

Courses Chairpersons

Prof. Rashid Al Abri

Dr. Yahya Al Badaai

Date: 30 NOV 2025 | Fee: 200 OMR | CME: 6 OMSBS CME Points

- A comprehensive hands-on training course on Rhinoplasty technique using a fresh frozen cadaver
- Two participants will work in each specimen.

Each Participant will have his/her own Fresh Cadaver Dissections.

Objectives

- Patient selection and appropriate candidates for septorhinoplasty
- Understanding surgical nasal anatomy and function
- Understanding nose and facial analysis to consider aesthetic ideal that pertains to nose
- Understanding the different concepts and techniques in cosmetic and functional nasal surgery

Book Your Seat

In this workshop you will learn:

- | | |
|---|----------------------------------|
| 1. Nasal anatomy | 6. Septal dissections/harvest |
| 2. Pre-operative Evaluations | 7. Hump reductions |
| 3. Close approach incision | 8. Suture and grafting technique |
| 4. Open <u>rhinoplasty</u> : step by step | 9. Osteotomies |
| 5. Tip & dorsum exposure | 10. Live surgery step by step |

Date: 01-02 Dec 2025 | Fee: 350 OMR | CME: 11.5 OMSBS CME Points

“Basic” endoscopic sinus surgery and “advanced” endoscopic anterior skull base surgery as Corridors to skull base will be conducted with well-organized lectures and hands-on dissections on fresh cadavers under the supervision of known recognized pioneers’ faculty on endoscopic sinus and skull base surgery.

Each Participant will have his/her own Fresh Cadaver Dissections.

In this workshop you will learn:

1. Introduction to how to handle the nasal endoscopy.
2. Basic anatomy of sinus and skull base
3. Basic endoscopic sinus surgery
4. Frontal sinus approaches
5. Endoscopic maxillectomy
6. Advance endoscopic sinus surgery
7. Endoscopic sphenopalatine artery ligations
8. Endoscopic septoplasty
9. Endoscopic pituitary gland surgery
10. Endoscopic CSF leak repair
11. Type of nasal flap in skull base reconstruction
12. Endoscopic dacryocystorhinostomy (DCR)
13. Trans-orbital approach
14. Endoscopic nose as corridor to skull base brain

EAR NOSE & THROAT
TRAINING WORKSHOPS

Date: 03-04 Dec 2025 | Fee: 200 OMR | CME: 6 OMSBS CME Points

Two-days immersive program designed for ENT surgeons and healthcare professionals aiming to incorporate minimally invasive salivary gland procedures into their clinical practice. interactive lectures, case-based discussions, and intensive hands-on cadaveric dissections

Each Participant will have his/her own Fresh Cadaver Dissections.

In this workshop you will learn:

1. Understand the anatomy and physiology of the salivary glands
2. Identify clinical indications and patient selection criteria for sialendoscopy
3. Apply current evidence-based practices in the diagnosis and treatment of salivary gland disorders
4. Gain confidence through hands-on training in performing sialendoscopy
5. Recognize the benefits of minimally invasive techniques for improved patient outcomes

EAR NOSE & THROAT
TRAINING WORKSHOPS

Date: 05-06 Dec 2025 | Fee: 350 OMR | CME: 11.5 OMSBS CME Points

Intensive course of basic and advanced techniques of endoscopic and microscopic ear surgeries including lectures and surgical videos as well as hands-on fresh cadaveric dissection guided by instructors.

Each Participant will have his/her own Fresh Cadaver Dissections.

In this workshop you will learn:

1. Endoscopic preparation of the EAC
2. Dissection and elevation of the tympano-meatal flap
3. Different types of myringoplasty (overlay, underlay)
4. Middle ear exploration.
5. Retrotympanum (and its different recesses), hypotympanum exploration
6. Protympanum anatomy (eustachian tube, ICA identification and decompression)
7. Ossicular chain exploration (keeping incus and stapes in place)
8. Atticotomy, ossicular identification and ossiculoplasty
9. Cortical mastoidectomy / canal wall up mastoidectomy
10. Facial nerve identification and decompression
11. Chorda tympani dissection
12. Tympanic membrane elevation
13. Facial recess approach
14. Atticotomy
15. Stapes surgery
16. Cochlear implantation
17. Labyrinthectomy
18. Endolymphatic sac decompression
19. Translabyrinthine approach
20. Identification and opening of the IAC

EAR NOSE & THROAT
TRAINING WORKSHOPS

EAR NOSE & THROAT TRAINING WORKSHOPS

Dear Colleagues and Medical Professionals,

I am delighted to extend a warm invitation to you for our upcoming Otorhinolaryngology Dissection Workshops, hosted by the ENT Division of the Department of Surgery at Sultan Qaboos University's College of Medicine & Health Sciences.

These workshops are meticulously crafted to elevate your practical and clinical skills in the dynamic field of Otorhinolaryngology. Whether you're a seasoned practitioner or an eager learner, our workshops promise an enriching experience designed to deepen your understanding and refine your techniques.

We invite you to join us in Muscat, where you will immerse yourself in a transformative educational experience that promises to elevate your practice and broaden your expertise in Otorhinolaryngology. Seize this opportunity to learn from esteemed faculty members and connect with peers who share your dedication to excellence in healthcare.

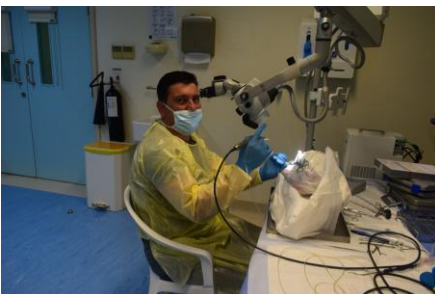

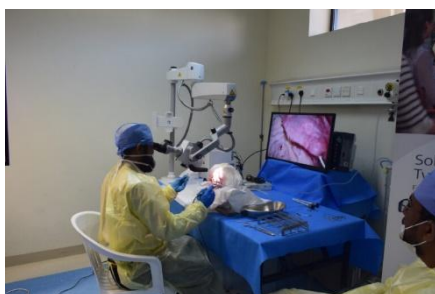

Prof. Rashid Al Abri

Dean, College of Medicine & Health Sciences. Professor, ENT Sr. Consultant
