

SQU ORL WORKSHOPS-2025

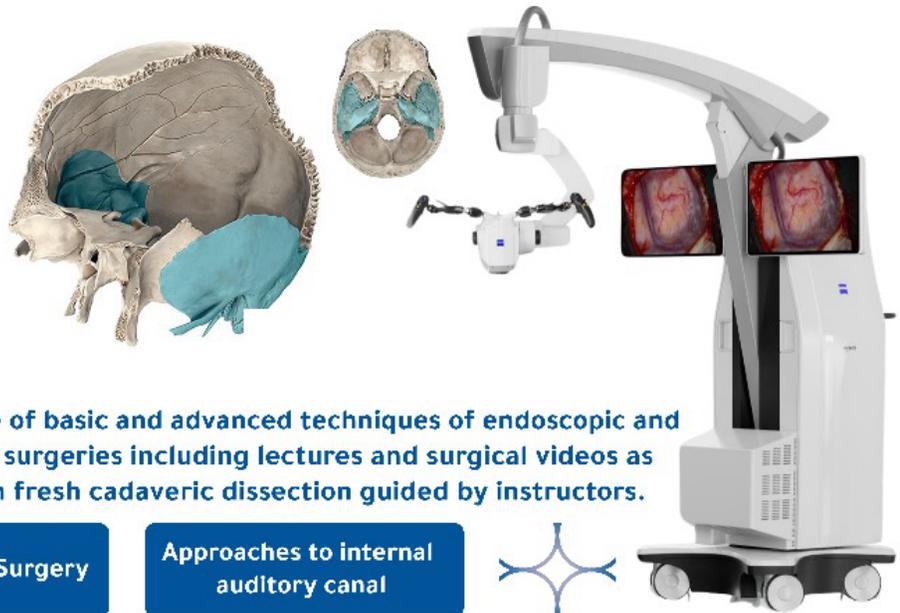

جامعة السلطان قابوس
Sultan Qaboos University

SQU Otorhinolaryngology Dissection Courses

5-6 DECEMBER 2025

4th Endoscopic & Microscopic Temporal Bone Dissection Course

**SEATS
ARE
LIMITED**

Intensive course of basic and advanced techniques of endoscopic and microscopic ear surgeries including lectures and surgical videos as well as hands-on fresh cadaveric dissection guided by instructors.

Endoscopic Ear Surgery

Approaches to internal
auditory canal

Implantable hearing devices
& Cochlear Implantation

Labyrinthectomy

Ossiculoplasty

Facial nerve identification
and decompression

Sigmoid Decompression

CWU and CWD
mastoidectomy

Dr. Khalid
Al Zaabi (Oman)

Dr. Nasser
Al Tamami (Oman)

Course Directors

Prof. Stephane
Ayache (France)

Prof. Mohamed
Badr-El-Dine

4rd Endoscopic & Microscopic Temporal Bone Dissection Course 5-6 December 2025

Venue: College of Nursing, Sultan Qaboos University, Al Khoud

Course Directors:

Dr. Khalid Al Zaabi, Dr Nasser Al Tamami

Invited Faculty

Prof. Stephane Ayache (France) & Mohamed Badr-El-Dine (Oman)

DAY ONE - FRIDAY – 05/12/2025		
08:00-08:15	Welcome Note	Dr. Khalid Al Zaabi (Oman)
	Introduction to TBD course	Dr. Nasser Al Tamami (Oman)
08:15-08:35	Principles of EES	Prof. Stephane Ayache (France)
08:35-08:55	Endoscopic instrumentations and technical tips and pitfalls	Prof. Mohamed Badr-El-Dine (Oman)
08:55-09:15	How to read CT & MRI as it relates to normal anatomy of TB	Dr. Eiman Al Ajmi (Oman)
09:15-09:30	Tympanic membrane perforations: Surgical Techniques	Prof. Stephane Ayache (France)
09:30-09:45	Mastoidectomy Surgical Perspectives	Dr. Nasser Al Tamami (Oman)
09:45-10:00	Bone Conduction and Cochlear Implantation	Med-El
10:00-10:30	Coffee Break & getting into lab.	
Dissections 1 10:30-13:30 Step by step EES procedures	<ol style="list-style-type: none"> 1- Endoscopic preparation of the EAC 2- Dissection of tympanomeatal flap 3- Tympanic membrane elevation and malleus degloving 4- Performing different techniques of myringoplasty 5- Exposure of the middle ear and identification of all anatomical landmarks and recesses 6- Atticotomy and exposure of the Ossicles (preservation of incus and stapes for future steps) 7- Facial nerve and geniculate ganglion identification 	Prof. Stephane Ayache (France) Prof. Mohamed Badr-El-Dine (Oman) & All Instructors
13:30-14:30	Lunch break	
Dissections 2 14:30-17:00	Continuation of the dissection <ol style="list-style-type: none"> 8- Soft tissue exposure 9- Cortical mastoidectomy 10- Implantable hearing device (Bone Bridge) 	Prof. Stephane Ayache (France) Khalid Al Zaabi (Oman) & All Instructors
17.00– 17.10	Conclude first day	

SQU ORL WORKSHOPS-2025

DAY TWO- SATURDAY – 06/12/2024		
08:00-08:30	Endoscopic surgery of cholesteatoma. What are the limits of EES?	Prof. Stephane Ayache (France)
08:30-09:00	Facial nerve decompression & Translabyrinthine approach	Prof. Mohamed Badr-El-Dine (Oman)
09:00-09:15	Ensuring Superior Hearing Performance	Med-El
09:15-09:30	Coffee Break & getting into lab.	
Dissections 1 09:30-13:30 Microscopic step by step procedures	1- Epitympanotomy 2- Facial recess approach 3- Round window exposure & CI 4- Facial nerve decompression 5- Canal wall down mastoidectomy 6- Retro-labyrinthine approach and endolymphatic sac identification	Prof. Stephane Ayache (France) Prof. Mohamed Badr-El-Dine (Oman) Dr. Khalid Al Zaabi (Oman) Dr. Nasser AL Tamami (Oman) & All Instructors
13:30-14:30	Lunch & Group photo	
Dissections 2 14:30-17:00	Continuation of the dissection 7- Canal occlusion surgeries 8- Trans-mastoid labyrinthectomy 9- Translabyrinthine approach to the IAC 10- Transotic and transcochlear approach	Prof. Stephane Ayache (France) Prof. Mohamed Badr-El-Dine (Oman) Dr. Khalid Al Zaabi (Oman) Dr. Nasser AL Tamami (Oman) & All Instructors
17.00– 17.10	Feedback/End of Course
